

A Catered Affair

Family and friends have always found comfort in coming together to share meals and memories after funeral services. Having a gathering in your home provides a safe and welcome environment for guests. We can help arrange catering services to come to your home. Alternatively, we can help you arrange a special commemorative ceremony at the venue of your choice – in our funeral home’s reception room, a private facility, local park, or even a sporting event. These types of gatherings can be informal and relaxed, providing an excellent way to share memories and build new traditions.

We have helped families plan visitations and receptions with buffet sandwiches, salads and soft drinks; others choose hors d’oeuvres and beverages in the proximity of the visiting room that have the comfortable feel of home or a private restaurant room.

Please feel free to discuss the options and convenience of our catering services with your funeral director.

We have teamed with the top providers in the Richmond area to offer the families that we serve with a variety of quality catering options.

Whether you choose to take advantage of our reception room, a local church, a private social hall, or your own home our catering planner will be happy to assist you in arranging for a complete catered event or simply help to supplement what you already have.

Our primary provider of delicious food is Ukrops Catering, yes the same high quality food that we all grew up enjoying is still available and is our “go to” choice for an after service gathering.

We can also provide menus for any taste, Southern, Italian, Mexican, or Asian. You just let our planners know your taste and they will design “A Catered Affair”.
