Our 10-Step Cremation Process

MORRISSETT

Funeral and Cremation Service

*“We believe in our
cremation process
so much, that we
exclusively offer the
Cremation with
Confidence™
Guarantee.”*

Due to national scandals, we understand that those who choose cremation might have doubts about the process and procedures of the crematory. Our 10-step cremation process guarantees that your loved one is well cared for at all times and that the cremated remains returned to you are those of your loved one. This brochure will help answer any questions you may have about our 10-step cremation process, and the commitment we have to every family we serve.

One...

Your loved one never leaves our care

At Morrisett Funeral and Cremation Service, your loved one remains under our professional care and supervision at all times. One of our staff members will accompany your loved one to the crematory and oversee the cremation. We do this to ensure that your loved one never leaves our care.

Two...

Safeguarding personal identity

To ensure security, a personal identification band is placed on your loved one at the moment your loved one is transferred to our care.

Three...

Unique tracking system

Upon arrival, your loved one is logged into our tracking system and assigned an identification number. This number is used to track every phase of the cremation process. Our tracking system includes date and time of arrival at our facility and name of the transfer personnel. Personal belongings are logged and placed in a secure area for their return to the family.

Four...

Family identification

Our staff can arrange a private family gathering with your loved one present. Then, we will ask you, or a representative, to positively identify him or her prior to cremation.

Five...

Checks and balances

Two individuals, a cremation technician and a funeral home staff member, will review all cremation paperwork and permits. This is to ensure authorizations and permits have been received and have been properly documented. Once all documentation is verified, the cremation superintendent will sign the cremation order prior to the cremation.

Six...

Cremation log book

Immediately prior to the cremation process, your loved one is taken to the cremation chamber and their personal identification is noted in the cremation log book. This log shows the name of the individual, date and time of the cremation, identification number and crematory operator's name. The crematory log is dated and the start time is noted and initialed by a cremation technician before and after the cremation.

Seven...

Details during the cremation

The crematory identification card is placed on the outside of the cremation chamber during the cremation process.

Eight...

Details after the cremation

After the cremation is complete, the cremated remains are placed into an urn. The identification card is placed into the permanent file.

Nine...

Return of the cremated remains

Our staff will notify you to schedule a time for receipt of the cremated remains. At this time we will provide a dignified setting in which to receive the urn, where you may spend a few moments, privately, in quiet reflection.

Ten...

Celebration of life

We will assist in planning a funeral or memorial service, either before or after the cremation, which will appropriately celebrate the life of your loved one. A meaningful ceremony provides an opportunity for family and friends to pay tribute to your loved one and to share the memories of a lifetime.
