FALLEN HEROES PROGRAM

*Our funeral home's commitment
to honor the men and women
who make the ultimate sacrifice
in the line of duty.*

Armed Forces
Police Officers
Firefighters
EMS Personnel

Words cannot express the debt of gratitude we all owe to those who protect our American way of life. To the noble men and women who selflessly put themselves in harm's way to preserve our freedoms, save our lives, protect our homes and keep our families safe, we respectfully salute you all.

The *Fallen Heroes Program* is our firm's commitment to honor the men and women who make the ultimate sacrifice in the line of duty.

This includes those brave individuals who are serving in our Armed Forces or serve as Police Officers, Firefighters, or EMS Personnel.

Our Fallen Heroes Program applies to anyone killed in action in the Armed Forces or who dies in the line of duty as a Police Officer, a Firefighter, or an EMS Person.

These are all endeavors that are above and beyond the risk that most Americans assume.

Therefore, in recognition of this exceptional commitment by these special individuals, should the need arise, we are proud to offer any or all of our services, facilities and transportation expenses at no cost and will provide all merchandise and cash advance items at wholesale cost to the family of a *Fallen Hero*.

Funds that may be paid by a government agency or other source for any of our services listed above will be donated back to the family or estate of the *Fallen Hero*.

Respectfully,
Larry Spiaggi & Sue Danielson
Owners and Grateful Citizens
