OUTER BURIAL CONTAINER **PRICE LIST**

Effective January 1, 2020

Price, Container & Availability Subject to
Change without Notice

State or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy this requirement.

What does an Outer Burial
Container do?

It's primary purpose is to support
the ground above the casket.

A grave liner will do this.

However some families choose
the extra level of protection that is
provided by a Burial Vault.

Our fee to open and close a grave in a Church or Private cemetery is \$1025
any day of the week.

Holiday Charge on an Outer Burial Container is \$600.
(No Burials on Thanksgiving and Christmas.)

Any special charges such as hauling extra dirt off site or hand digging of
grave will be priced upon request.

All outer burial containers listed are provided by:
Burruss Burial Vault Company
